

CID Company Spotlight:
Shane Lyle, Strathmore Floors

We recently had the opportunity to talk with Shane Lyle, President of Strathmore Floors, to discuss the unique advantages of working on Fulton Industrial Boulevard. Strathmore Floors has called the FIB corridor home for 11 years.

Founded in 1993, Strathmore Floors is a full-service flooring, cabinet and paint supplier serving markets around the Southeast, including Atlanta, Raleigh, Nashville, Charlotte, and Charleston. The company has long-term partnerships with homebuilders such as Ashton Woods Homes, John Wieland Homes and Chattahoochee Enterprises. They are the Costco In Home Flooring Partner in Atlanta and Nashville.

Celebrating 11 years in its current location, Lyle says they are “very fortunate to be working within a corridor that has a hard-working CID association.” He says the strategic partnerships the BCID have forged with Fulton County and the overall aesthetic improvements the BCID have made has added “incredible value to the area.”
